"MERCHANT OF VENICE"

Graduates of High School Score a Success Last Evening

Had Mr. William Shakespeare dropped into the Washington Opera-house after 8:30 last evening he would have been not a little surprised at the Twentieth Century version of "The Merchant of Venice."

The play had been "slightly revised," and in the hands of the 1905 class of graduates of the Maysville High School it was thoroughly up-to-date.

At the beginning Prof. D. S. Clinger, Principal of the City Schools, invited applause if the work merited it, and the hearty cheering throughout the evening testified fully the appreciation of the immense audience.

From the opening chorus to the finale the program was carried out without a hitch, and the pupils and their instructors may well feel proud of the success of their entertainment.

This is the first of this class of closing exercises by the High School, but it was far one of the most pleasing in recent years.

There was not a semblance of stage fright on the part of a single participant, the characters being well taken in the following

Drummers Person, The Duke of Venice, Benjamin Greenlee, Captain of High School basketball team, Antonio, a friend, James Ryan, Bassanio, suitor to Portia, Preston Parker, Gratiano, a friend, Humphreys Taylor, Shylock, a wealthy gambler, Ralph Clark, Tubal, his friend, Captain of Belmont team, Wilson Warder, Launcelot Gobbo, servant to Shylock, James Hutchison, The Professor, an X-ray physician, John Breslin, Photographer, John Breslin, Portia, a rich heiress, Kathryn Desmond, Nerissa, her friend, Bessie Osborne, Jessica, Shylock's ward, Bessie Clark, Miss Abbie S. Thredwell, Carlton Poth, Polly, Portia's maid, Carrie Belle Bryden, Antonio's mother, Edith Stephens, Mrs. Gobbo, Launcelot's mother, Football players, Snappins.

Act 1—Scene—A street in Venice. Bassanio's love for Portia. Deceit left by Portia's father, Antonio rents a "pony" from Shylock.

Act 2—Scene—A room in Portia's house. Portia with Nerissa, sister of her suitor, Bassanio chooses the Cesar casket.

Act 3—Scene—Shylock's house and yard. Shylock proposes to his ward, Jessica. Jessica elopes with Antonio.

Act 4—Scene—A room in Portia's house. Bassanio is successful in examination. Launcelot discloses Shylock's plans to Portia.

Act 5 Scene 1—The football field. Shylock has Antonio arrested in midst of Thanksgiving game.

Act 5 Scene 2—The Court room. Shylock demands the forfeit of his soul. Portia, disguised as a Doctor of Law, tries the case. Shylock loses on a technicality.

In keeping with other productions of modern times, specialties were introduced between the acts, and these also added much to the program. The voices in the opening choruses had been splendidly trained and the house cheered the song "The Jolly Students." Little Miss Clara Olivette Clooney, daughter of Mr. and Mrs. Andrew Clooney, made her initial bow to the public, her sweet voice charming her hearers. "The Lovers' A, B, C" and "The Jolly Waiters" completed the vocal selections, both being excellently rendered.

He was one of the most unique figures in the county, known to most everyone in Mason.

MR. ROCKEFELLER had best come out to Kentucky and pour some Standard Oil on the troubled lawyers.

THE lawyers must have gone a-fishing. Just twenty-three hours have elapsed since a suit was filed against the Standard Oil Company.

IN Cincinnati thirty-five striking iron molders, tired of dictation from others and laying families to support, resigned from their Union and went to work.

SAY what you may about the Catholics; but they are not split up into geographical factions—Catholics North or Catholics South, expecting to reach Heaven through a political tollgate.

COLONEL JOHN D. ROCKEFELLER—Hi, there, JOHN! Please send a few hundred thousand to pay your fines for peddling Standard Oil in Kentucky without license. N. B.—“Tainted money” will be accepted.

IT'S surprising how many 17, 21st Lawyers and Editors have settled the Caleb Powers case in advance of the evidence and the arguments. THE LEDGER will be content with Judge COONAN's decision, whichever way it goes.

THE local lawyers are planning several busy days for Judge HARBERSON when he next convenes Circuit Court. And all the while Circuit Clerk WOODWARD leans back in his big chair and smiles over the prospect of many fat fees.

Who Will Be
Queen of the Carnival? Sole Agent

AT Fort Worth, Texas, the Committee on Sunday Observance gravely reported to the Southern Presbyterian General Assembly that, among other things, the publication of Sunday newspapers was the cause of many disastrous wrecks on railroads!

“We called no physician except God. He has healed the children of croup, measles and me of typhoid fever, and in every case successfully except this one.” So said a Mrs. ERB of Cincinnati, after her daughter had died of scarlet fever. She ought to have remembered that “God helps those who help themselves;” and that in a worldly way there's such a thing as “riding a good horse to death.”

PRESIDENT C. P. SHEA of the Teamsters Union some time ago indignantly denied that his strikers were lawbreakers; and yet he himself announces his intention to defy Federal Judge C. C. KOMSAATH and Master in Chancery SHERMAN by persisting in refusing to answer questions at the resumption of the hearing of alleged violations of the strike injunction, claiming that to answer might tend to incriminate him. If SHEA has done nothing wrong, how can he incriminate himself? Further along SHEA said—

“I think they intend to send me to jail. Anyway, I am not going to answer the questions before the Master. I might as well go to jail for contempt; as for conspiracy, I can run the strike from the jail.”

Here is a defi and a confession in one sentence—a defiance of Federal authority and a confession that he is a conspirator. Mr. SHEA needs to be disciplined.

D. D. D. SPECIAL OFFER REGARDING diseases of the skin.

I have lately secured the agency for this city and vicinity of a preparation which is reliable and certain in clearing away troubles of the skin. Many forms of skin affections which have been considered incurable are conquered by this medicament as easily as a cough is stopped by the proper soothing and healing influences. This preparation is now in use among skin specialists, and many large hospitals have adopted it for eczema and kindred cases. It stands among the most useful medical agents now known.

I have evidence of its work to show which will interest any sufferer. Call and investigate same. Since I have been handling the remedy—known as D. D. D.—its work proves so effective I guarantee its efficacy. In all cases of skin affection I will refund the price of a bottle (\$1) if the sufferer does not consider it literally a Godsend after trying. It is curing the worst kind of cases every day. It seems a pity any one should suffer the torture of skin troubles when so dependable a curative agent can be had so cheaply.

At the last meeting of the City Council the matter of extending the water main and the placing of a fireplug on Union street was placed in the hands of the Water Committee, with power to act.

At a recent meeting of the Committee it was decided to continue the water main along Union to the junction of said street with Forest avenue and to place a fireplug on the Northwest corner of said streets.

The residents in Forest avenue between Lexington and Union streets have been denied fire protection ever since the completion of the Waterworks from the fact that the water main does not extend farther along that thoroughfare than Lexington street, and the placing of a fireplug at the point designated will give them the protection to which they are justly entitled.

When Elizabeth street is opened and completed to Union the American Tobacco Company will place a fireplug at its own expense midway between their two large buildings, thus affording ample protection to their own property as well as giving additional security to the residents in the immediate vicinity.
